The Ingvar Kamprad Scholarship 2014

The "Ingvar Kamprad Scholarship" has been awarded since 2003. Two scholarships, each amounting to 8 000 SEK per month for 10 months (August to May), are awarded students admitted to the Master’s Programme in Industrial Design as a contribution to financing the costs of living during two years.

As from year 2011, when tuition fees were introduced, another two scholarships were established to finance tuition fees for two students, presently 200 000 SEK per academic year during two years.

The Dean of the Faculty of Engineering (LTH) decides to award the Ingvar Kamprad Scholarships as follows:

Scholarships for tuition fees are awarded:
Yifan Hu, Changsha, China
Xiang Li, Beijing, China.

Scholarships for costs of living are awarded:
Ausrine Augustinate, Vilnius, Lithuania
Andrea Müller, Nürnberg, Germany.

If there is any need for it reserves will be decided on in connection to the second notification of selection results.

This decision was made by the Dean undersigned, following a presentation by Lynn Lindegren, Senior Administrative Officer. Also engaged in the processing of the case has been Professor Claus Christian Eckhardt.
